Volume XXIX. Number 11.

LOUISA, LAWRENCE COUNTY, KENTUCKY, NOVEMBER 21, 1913.

M. F. CONLEY, Publisher.

## FIRST-CLASS BAKERY.

Modern Plant to be Installed at Louisa Immediately.

Louisa is to have a real, up-to-date bakery. The machinery already has been shipped and part of it is already here. A car load of flour has been received. The building next door to Dixon, Moore & Co's. wholesale grocery has been leased, and it is expected that the enterprise will be in operation by December 1st.

The company has been incorporated as the Louisa Baking Company. Mr. H. E. Adams, who is at the head of the successful Coca-Cola Bottling company, is the promoter and one of the chief stockholders in this business.

The plant purchased is of the most modern type. Nothing will be done by hand that can be manipulated by machinery. The bread will be made and handled almost without being touched by human hands. Absolute cleanliness is one of the objects sought by this company.

The products will be sold only at wholesale. The capacity of the plant will be sufficient to meet all possible demands. That the enterprise will be a success is a foregone conclusion. It is in energetic hands, and Louisa is an ideal location for this industry, as well as many others that might be secured by a little hustling.

### UNITED MISSIONARY MEETING.

The United Missionary meeting under the auspices of the Home and Foreign Mission Boards of North America, will be held in Ashland, November 25th and 26th at the First M. E. Church, South. This promises to be one of the most interesting meetings ever held in that city. It will be participated in by practically all the denominations of the city and the meeting will be addressed by some of the best known missionary workers of the United States. One of these is Rev. C. F. Reid, D. D., for many years missionary to China, and who is now secretary of the Laymen's Missionary Movement of the M. E. Church South. Rev. J. C. Ogden, missionary of the Christian church to Tibet, is also one of the great missionary workers of the world, and he will deliver an eloquent address on this occasion. Rev. D. Clay Lilly, of the Presbyterian church, is Field Secretary of the Laymen's Missionary Movement of the United States and Canada. Mr. Lilly is a man of international reputation and his presence on this occasion will add very much to the meeting.

Price of admission 25c for adults, 15c for children. Reserved seats 10c extra. Doors will open 6:30. Entertainment begins at 7:30.

First Democrat in 20 Years.

John McDyer, of Ashland, who is the Representative-elect from the Boyd-Lawrence district, will be the first Democrat to represent that constituency in the Legislature in 20 years. The late Judge J. R. Dean was the last Democrat to have the distinction. Mr. McDyer made a game race and ran many votes ahead of his ticket in the two counties. He had a Republican and "Bull Moose" opponent, but the Republican was the runner-up. For Democrat to win in the district is a signal triumph.—Louisville Times.

### FATALLY BURNED.

On Monday last, at Radnor, W. Va., Mildred, aged 3 years, and daughter of Edgar Curnutto, was so badly burned that she died in a short time. Burial occurred at Radnor. She was a granddaughter of Mrs. J. W. Pinson, of Louisa. The child's clothing caught fire from an open grate.

Judge O'Brien is reported better and his daughter, Mrs. Greene, has returned to Webbville.

## THE OIL DEVELOPMENT.

The oil well on Wm. Savage's farm near Fallsburg is flowing one hundred barrels per week. If it shall continue at this rate it is the best well in the local field.

Lenses all around the well have been taken up. Some of them have brought high prices. L. N. Hutchison was paid a bonus of \$600 for 75 acres, and the contract provides that a well shall be started within sixty days. The machinery to drill is now being placed on the ground. It seems certain that several wells will be drilled in that vicinity as soon as possible.

An engine is on the road to Walbridge for the O'Brien well No. 1 on Three Mile. It will be given a thorough pumping test at once.

Chris Lawrence recently secured a block of leases just across in West Virginia, about two miles north of Louisa. He organized a company at Huntington and arranged for drilling a well on the Louisa farm. Work will start as soon as the machinery can be placed on the ground.

The well recently completed on the Ralsch Blankenship farm west of Louisa is reported to be making between one and two barrels per day.

### BADLY HURT.

A hobo named Frank Jones, whose home is at Kilgore, Ky., was badly hurt Tuesday afternoon while stealing a ride on an N. and W. freight train. He was sitting on the front end of a car, with his feet on the rear end of another, and when the train "took up slack" it jammed Jones' feet and legs forcibly against his body. When the train arrived at Ft. Gay the injured man was brought to Louisa, where Dr. A. W. Bromley, the local N. and W. surgeon, attended him. No broken bones could be found, but the man was so badly hurt he was unable to stand or walk and suffered great pain. Millard Meek, of Catlettsburg, was with Jones, and after his injury had been attended to Meek paid his way to Catlettsburg and said he would take care of Jones all night and send him home in the morning.

## ENTERTAINMENT

To be Given Friday Evening of This Week by Young People.

At Masonic Hall on Friday and Saturday evenings of this week the Young People's Missionary Society of the Southern Methodist church will give a play and musicals. The farce, "My Lord in Livery" is full of bright clever speeches and the situations are very amusing throughout. Special attention has been given to the music and the attractive choruses are sure to please the audience, as well as some special entertainment numbers provided by the bright young-folks of our town. These entertainments are given for the scholarship the Young People's Missionary Society is supporting in Mexico. Will you not help?

Price of admission 25c for adults, 15c for children. Reserved seats 10c extra. Doors will open 6:30. Entertainment begins at 7:30.

### WEBBVILLE DEPOT BURNED.

The E. K. depot at Webbville was burned to the ground Sunday. Most of the records were saved and two cars of freight which were on the track were switched away before they were damaged. The fire is said to have started in the freight room.

Mrs. Richard Garred entertained the Finch Club Thursday.

## ELECTION CONTEST.

J. H. Thompson, Defeated Candidate for Sheriff, Files Suit.

James H. Thompson, the defeated Republican candidate for Sheriff of Lawrence county, has filed a suit in the Lawrence Circuit Court contesting the right of R. A. Stone, the successful candidate, to hold the place to which the returns show he was elected. The plaintiff alleges various grounds on which his contest is based. Among them are charges that the election officers all over the county fraudulently permitted votes to be counted for Stone which should have been counted for him, and that if the votes had been properly cast and counted the majority of 17 received by Stone would have been more than overcome. Other grounds for contest are mentioned in plaintiff's petition. Mr. Stone denies these claims and expects to see his majority increased by the contest.

### CONCERNING THE C. C. & O.

The current issue of the Railway Age Gazette contains an article of interest to Cincinnati. It deals with the construction of the Carolina, Cincinnati and Ohio thirty-five-mile extension from Dante, Va., to Elkhorn City, Ky., where connection will be made with the Chesapeake and Ohio, which will bring considerable of the coal traffic through Cincinnati.

It is expected that track will be laid and ballasted over the entire line, with the exception of the Sandy Ridge tunnel, by the end of the year, and the tunnel should be finished by August of next year.

The article contains this paragraph: "It is expected that a large amount of through business with the Chesapeake and Ohio will be handled over this connection in addition to the coal and lumber originating in the new territory that will be opened up. Through passenger service will probably be inaugurated, and as this line will offer the shortest route from Cincinnati and northern points to the Carolinas, Georgia and Florida, and will traverse a country that is rarely excelled for natural beauty, the operation of such through passenger traffic should be profitable."

### SCHOOL TEACHERS' MONEY.

Frankfort, Ky., Nov. 12.—Checks aggregating \$399,591.07 have been mailed from the State Treasury to the County Superintendents, the amount of the November distribution of the State school fund for the pay of county teachers.

Letters are being sent to all the County Superintendents by the Department of Education explaining that it will be impossible to extend the school year to seven months until the General Assembly passes an enabling act. Many inquiries have been received since it was announced that the schools have sufficient funds for this purpose; the County Boards desiring to make contracts for the extra month as soon as possible.

### PIKE COUNTY DEMOCRATS WINS.

The Democratic candidate for Superintendent of Schools in Pike county won by 131 votes, after taking his case through the Court of Appeals. The Republican was awarded the certificate at first. The returns were canvassed by two Republicans behind closed doors. The Democratic commissioner being seriously ill. Mandamus proceedings forced a recount, with the above result. Our Pike county department gives further particulars.

### HOLIDAY BAZAAR.

The ladies of the M. E. Church South will hold their Christmas Bazaar Friday and Saturday, Dec. 5th and 6th. Oysters in all styles, ice cream, shortbread and cake will be served. The place will be announced later.

Miss Artie Beverly, who had been attending school at Bowling Green, stopped in Louisa to visit her sister, Mrs. Lee Roberts, while enroute to Pikeville.

## ONE WAS "OUR FRED."

At a monster meeting of the Social Union of the Long Island Baptist Association held recently the chairman announced that "there would be a new departure and that the guests would have as speakers two of the best known men in Greater New York, Mr. Moss and the Rev. Frederick F. Shannon, pastor of the Reformed Church on the Heights."

Dr. Shannon aroused a great deal of enthusiasm when he declared that candidates for office were nominated in a back room for the last time and that popular government is getting a firm hold in that city.

### THE BEAVER CREEK RAILROAD.

The C. & O. railroad's branch line up Beaver creek is nearing completion. Rails have been laid to the forks of the creek. The only serious delay will be caused by one tunnel, which yet lacks considerable work of being completed. It is said a temporary line will probably be laid around the creek route at this tunnel in order to get supplies needed beyond for the railroad work and for the new mining towns now in course of construction near the terminus of the line. The coal operators are very anxious to begin shipping coal as soon as possible.

### BREAK IN PIPE LINE.

A break occurred recently in the Cumberland Pipe Line company's oil line near Richardson and the escaping fluid caught fire and caused the destruction of a lot of fencing and other property. The claim agent of the company is on the ground this week to make an adjustment of the losses.

### LEAVES HOSPITAL.

H. C. Holbrook, who suffered a broken leg some weeks ago, when he jumped from a buggy on 13th street and who has been in the King's Daughters' hospital since, went to Catlettsburg today and will later go to his home at Blaine, Ky.—Ashland Independent.

## KILLED HIS COUSIN.

Floyd County Tragedy in Which Two Young Men are Shot.

Floyd county's criminal record has just had another chapter added to the bloody part of its history.

On last Saturday Arthur Martin killed his cousin Oscar Martin, and the latter's brother Sandy shot Arthur. The trouble occurred at Ad. Holbert's store, Printer postoffice, on the left fork of Beaver. Arthur Martin, age about 17, called Oscar out of the store and shot him to death. Sandy, a sixteen-year-old brother of the murdered man, quickly procured a gun and shot Arthur, but did not kill him. We have not learned how seriously he is wounded. The two cousins had a difficulty on election day. Upon the occasion of the killing Arthur is said to have been under the influence of liquor, but Oscar was sober. So it is probable that whisky is the real cause of this tragedy as it is with 90 per cent. of such crimes. Liquor is being peddled all along the Beaver valley, mostly by negroes and worthless white men who have gone in there with the railroad.

Oscar Martin was about 23 years old and leaves a young wife to whom he was married only a few months ago. He was a brother-in-law of Cleveland Roberts, of Louisa. The parties involved in the trouble are members of prominent families. Their fathers are brothers of Mr. A. L. Martin, who recently moved from Beaver to Louisa.

### THREE MILE BRIDGE.

It is again reported that work is to start soon on the new C. and O. bridge that is to take the place of the one now crossing the river three miles above Louisa. The report also says that Crutcher & Preston, of this place, are to build the piers.

Presiding Elder C. F. Williams will preach at the M. E. Church South, this city, Sunday next, November 23.

## FINED FOR MANSLAUGHTER.

Wayne County Woman Who Killed Her Brother-in-law is Fined \$25.

A case which had attracted much attention in this part of the country had its conclusion, so far as the courts are concerned, on Monday last, when Judge Wilkerson, of the Wayne Circuit Court, imposed a fine of \$25 upon Letha Perdue for killing Franklin Kendrick. The jury had found the girl guilty of involuntary manslaughter, which carried with it a sentence of confinement of from one day to one year. Kendrick was the girl's brother-in-law, his first wife having been her sister, and by whom he had one child. It was shown at the trial that not long after his wife's death Kendrick began to pay court to his young sister-in-law, who was but 16 years old, and finally sought and obtained her consent to marriage with him. The girl alleges that under promise of marriage he grossly wronged her and then persistently refused to marry her.

In the meantime Kendrick had wooed, won and married another woman. A few weeks after this marriage he, with his second wife, drove up to the Perdue house, not far from Kellogg, and where the child of the former marriage lived with its aunt and grandfather. His purpose was to get this child, and when he entered his house a dispute arose over his treatment of the girl which she ended by shooting him four times, the last shot killing him almost instantly. Kendrick dying in the arms of his three weeks' bride, who had met him about a year ago in a Huntington hospital, where he was a patient and she was his nurse.

The girl's father took her to Celso, where she was placed in the hands of the authorities, but afterwards released on bond.

The defense put up the plea that the Perdue girl had brooded over the marriage of the man she said had wronged her after promise to marry, until she was temporarily insane. The unwritten law was also a defense.

In disposing of the case Judge Wilkerson made quite a lengthy and interesting statement from which the NEWS makes some extracts.

"While the jury has at least found this girl guilty of accidental killing resulting from the negligent use of fire arms, they have still left it in the power of the court to impose a fine or jail sentence or both. I am frank to say as far as the jail sentence is concerned I feel as far as punishment is concerned in this case it would be more of a cruelty than punishment in view of the exonerating ordeal through which this girl has passed in the last few months and especially this term of court. True, it would have been better if she had silently bore the trouble and let the deceased live out his allotted days. It would have been much better for her as well as for her family and for the family of the other side. I am not going into any discussion of that. I would not inflict any further pain or punishment by any lecture I could give and I feel, as the prosecutor has suggested, that any fine imposed is practically a punishment on the father of this girl. By assessing a heavier fine the girl would not suffer any punishment. I am going to spare her father from any further monetary loss by the fine I shall impose in this case. The jury has said she shall be punished for a misdemeanor and I am not going to undertake to inflict punishment commensurate with a felony. I assess a fine in this case of \$25. That will be the punishment and the only punishment the court will impose under the verdict."

### TAKEN TO PAINTSVILLE.

The Mint Cola plant conducted here for a considerable time by Guy Atkinson has been moved to Paintsville, where the business will be continued by Mr. Atkinson. His Louisa residence will be held here for some time yet.

Dr. and Mrs. F. D. Marcum and two children of Torchlight, Ky., visited relatives here last Sunday.—Celso Advance.

### MISS BERRY SERIOUSLY ILL.

We regret to learn that Miss Laura Berry continues very seriously ill with typhoid fever. Miss Berry was taken ill while she was at Vernon, O., nursing typhoid cases there.

Mrs. B. M. Webb left for that point this morning. Dr. Berry has not been well for some time, and will not go until he has a message from Mrs. Webb.

Miss Berry is at Patterson hospital and everything possible is being done for her comfort, yet her condition is critical—Ashland Independent.

### BRAKEMAN FINED.

Heury Pyles, who, until recently, was employed on the Big Sandy district of the C. and O., was fined \$100 and the costs in Ashland Police court for carrying concealed weapons, and held to the grand jury under a \$300 bond for "shooting while in the heat of passion."

Pyles' arrest resulted from his firing a revolver at a crowd of school boys, who, in a spirit of fun, threw snow balls at him.

### Returned From Lexington.

Rev. Ous Hamilton, of the Baptist church, returned Saturday from Lexington, where he had attended the meeting of the General Association of Baptists of the State. He filled his pulpit on Sunday, morning and evening. Miss Maude Marcum, a former Louisa girl, but now of Catlettsburg, was re-elected Vice President of the State Women's Missionary Society.

### PIG SKIN NOTES.

On Saturday last a football squad came from Catlettsburg and beat the Louisa team by a score of 13 to 0.

On the same day Prestonsburg went to Palatka and down up the latter by a score of 6 to 0.

On Thursday next, Thanksgiving Day, Prestonsburg will come to Louisa and battle for the championship of the valley.

### EMMETT CLARK, JR.

A fine son has come to gladden the hearts of Mr. and Mrs. Emmett C. Clark of this city. The interesting event occurred at Riverview hospital early on Monday morning last. Emmett, Jr., is the only child and is the object of much interest and attention. Mother and child are doing well.

The Savoy hotel building has been sold to L. T. and A. C. McClure, who will take possession Jan. 1, 1914, at which time Nathan Day, the present proprietor of the hotel, will retire from its management and the Messrs. McClure will assume charge. Mr. L. T. McClure has not yet decided what he will do with the Brunswick building. There is a possibility of an entirely new structure, either brick or concrete, on the present site.

## HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

## Thanksgiving.

A thankful spirit enables us to meet our trials manfully, it lifts us above the sunlight of cheerfulness.

Make someone thankful and it will be an act you will be thankful for.

In spite of many evils there has been so much of true sympathy, of genuine benevolence, of a cordial spirit, of brotherly love and friendship, we can keep our Thanksgiving in the spirit of the scriptural admonition, "Be ye thankful."

This is the harvest time for thanks. There have been trials, calamities in some places, homes destroyed and sorrows, but taking the country over our blessings have been many and far outnumbered the dark, appalling things of life.

Of all the national holidays none is more universally or more joyously celebrated than that of Thanksgiving Day. Though of New England origin and for many years confined almost exclusively to that section, it has slowly but surely extended itself all over our great country.

Let us be thankful that however difficult and full of temptation life may be, we are given wisdom that suffices for daily living. No part of man's wisdom is so strengthened by right choice as the conscience. It is the still, small voice that we must listen for, and the oftener we hear it and obey, the clearer and fuller is its tone.

A great day is Thanksgiving from the standpoint of table bounty, optimistic good cheer and the tender reunion of near and dear ones. It is the natural "Old Home Day," when the scattered flock returns as to the shepherd's fold to renew for a few fond hours the ties of vanished years and cherish all that memory has saved from the wreck of time.

The American people should gratefully render Thanksgiving and praise to the Supreme Ruler of the Universe who has watched over them with kindness and fostering care during the year that has passed. They should also, with humility and faith, supplicate the Father of all mercies for continued blessings according to their needs, and they should by deeds of charity seek the favor of the Giver of every good and perfect gift.

We may welcome this annual Thanksgiving today with the added interest which venerable custom has thrown around it, with the pleasing memories which early associations weave about our former celebrations of it with the recollections of absent friends who have shared it with us, the reunion of the families, the merry laugh of children, the pleasure of parents, all hall its advent as a day of sacred and social joy.

It was good, all that happened about the time of the first Thanks-

giving day. The Pilgrim fathers were in particularly jubilant mood for them on that day. Years of scanty crops and threatening starvation had been followed by a bountiful harvest, and there was an absolute geniality, the preliminaries to the famous dinner. It was to be a game dinner, a dinner fit for any epicure that had ever lived, and none so mean in all the colony but should be present. So open were the hearts of those rugged worshippers that they were not content even with this but summoned old Sachem Massasoit and all his swarthy retainers, and the feast was spread. Red and white sat down together and were brothers. Here was Christian spirit; there was an exhibition of the broad humanity and care for the other man taught by Him who walked the strand of Galilee.

The earliest Thanksgiving proclamation is now in the possession of the Massachusetts historical society and bears the date of 1677. Long before this, however, New England knew the meaning of Thanksgiving and the pumpkin pie had been discovered by the inhabitants of Massachusetts and Connecticut. Cranberry sauce is of less ancient origin, but we find no mention of it much before the early part of this century. Days set apart for Thanksgiving were known to the Israelites and are mentioned throughout the Bible. They were in frequent use in England before the reformation, and were in frequent use by Protestants afterward, especially in the church of England, where they were a fixed custom long before they were in the colonies.

A little child should sit at the table with its parents as soon as it is old enough to be placed in a high chair and they should teach it from the beginning, until the dainty and proper way of eating is automatic, how to behave as refined people do. No greater mistake can be made than to intrust a child's table manners to the accidental etiquette of the kitchen, to the care of peasant women who have never been induced into the well bred conventions of life.

## GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR.

Make it thick, glossy, wavy, luxuriant and remove dandruff—Real surprise for you.

Your hair becomes light, wavy, fluffy, abundant and appears as soft lustrous and beautiful as a young girl's after a "Danderline hair cleanse." Just try Danderline and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have double the beauty of your hair.

Besides beautifying the hair at once, Danderline dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few week's use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderline from any druggist or toilet counter, and just try it.

## WEST VIRGINIA NEIGHBORS.

Charleston, Nov. 15.—The average workman, who lives in the large cities because he thinks he can make more money and give his children a better start in life, will open his eyes in astonishment to learn that his brother laborer in the mountains of West Virginia has from \$20 to \$100 a month after all the household bills have been paid, including doctor's fees. Even those heads of families who only work part time have ten or twelve dollars left over.

Recently an investigator going through the Winding Gulf district of West Virginia, learned of one man, an Italian, who frequently loads 15 cars a day, at 60 cents a car, thus earning \$9 by his day's work. When for any reason he drops to 13 cars, only earning a beggarly \$7.80 for the day, the whole camp is filled with his lamentations. This is not a lone case, yet some folk think West Virginia miners are poorly paid. The company operating the mine in question voluntarily established a 9 hour day last February.

Reuts in this same district average \$1.50 a room for houses that cost from \$750 to \$1,250 to build. Coal is free but the company charges 50 cents a load for delivering it, thus being less than the actual cost. Every house is lighted with electricity, the rate being \$2.50 a month for five lights and \$3 for eight lights, the company furnishing the bulbs. There is a well for every two houses and periodically a chemist makes bacteriological tests of the water.

The population is decidedly mixed. Of the 572 men on the payroll, 300 are Americans, 170 negroes, 44 Italians, 22 Austrians, 16 Hungarians, 14 Russians, four Slovaks and two Syrians.

Two for the gallows and one to serve a penitentiary sentence of from five to eighteen years is the unusual record made in the Circuit court within two working days. Two convictions, both carrying the death penalty, were secured in one day.

The first of these three trials, that of Henry Green for the murder of Mary Justice, was commenced Saturday morning, and the second, that of John Henderson, for the murder of Deputy Sheriff Albert Duty, was taken up immediately after and was completed before midnight.

In both of these cases the juries returned verdicts of first degree murder without recommendations for life imprisonment and later in the term Green and Henderson will be sentenced to the gallows by Judge Damron.

On Monday morning Jno. H. Rush who killed Carl Gardner in a box car near Dingess, was placed on trial and at 5:30 Monday afternoon a verdict of second degree murder, carrying a penalty of imprisonment from 5 to 18 years, was returned.—Mingo Republican.

Blaine Mounts, 18 year old patricide, was convicted of murder in the first degree in the Circuit court Tuesday evening, the jury recommending imprisonment in the penitentiary.

Sitting beside the boy during the ordeal was the widowed mother who is now also bereft of her eldest son through the verdict of the jury. On all sides expressions of sympathy for her were expressed.

Jackson Mounts, father of the boy, was shot and instantly killed on July 17th at his home near Vulcan. It was not denied that the boy did the shooting but his defense was that it was an accident.—Mingo Republican.

Mrs. Jane Seaggs, widow of Harlan Seaggs aged 79 died on Nov. 3rd at Ceredo and was buried on the 4th at the Wolf creek graveyard in Butler district. She was a daughter of Alex. Christian and is survived by brothers, Silas, Anderson, Henry and Anderson Christian.—Wayne News.

Joseph S. Miller is the possessor of the only white raccoon skin in captivity, or rather the skin of the only white raccoon ever seen in this section. The "coon" was killed in the "wilds" of Docks creek recently by the Chadwick brothers. The animal was rather large and was, to use a common expression, fat as it could be. The hide was brought to Kenova Wednesday and sold to Mr. Miller. He will have it tanned and a fur cap made for himself. The fur is almost as white as snow.

That the present pure food and drugs act is inadequate and should be repealed at once and another law passed was the decision of State Puer Food Commissioners and Department of Agriculture officials in conference in Washington.

## KENTUCKY NEIGHBORS.

The grand jury for this term of the circuit court adjourned Tuesday after being in session seven days. Ninety-five witnesses were examined and 62 indictments were returned.

There is not a murder case on the Johnson-co. docket and not a murder case in the judicial district.

Neither is there a felony case on the docket. This speaks well for our section. Wonder if any of our Bluegrass neighbors, whose newspapers are always so eager to lend publicity to so-called "mountain feuds" can say as much for their section.—Paintsville Herald.

Irvine, Ky., Nov. 13.—At about noon yesterday, on Cow creek, seven miles east of Irvine, Jesse McKimney and James F. Duckett, who live on adjoining farms, became involved in a difficulty over a line tree, when both drew their pistols and fired at each other. Duckett was instantly killed and McKimney was shot through the right breast, and is thought to be mortally wounded. Duckett is thirty-five years of age and McKimney thirty. Both are men of families.

Ben Davis, who was shot here Tuesday night by his cousin, Green Davis, died from the effects of the wound yesterday afternoon. He was a native of Clay-co., having a wife and a small child at Manchester. Green Davis is still at large.

Cyrus E. Welch, aged 48, a painter and paperhanger, formerly of Portsmouth, was murderously assaulted and robbed by an unknown negro while heading his way to South Portsmouth from Cincinnati on a C. and O. freight train yesterday, and probably will die.

Welch's skull was fractured, his cheek bone and nose broken and besides he suffered ten or more ugly scalp wounds. Despite his terrible injuries he remained conscious, but could talk only incoherently of the assault.

Welch was discovered lying in the bottom of a gondola car of the train as it was passing through Garrison, Ky. He was bleeding badly and word was sent ahead to the company employees at South Portsmouth.

The Gray Eagle Oil and Gas Co. drilled in the V. P. Hanes well No. 3 last Saturday. The well will produce about 40 barrels naturally, which is considered very good.

This makes ten good producing wells in which our townsmen, Dr. S. R. Collier, is a heavy shareholder.

The Gray Eagle Co. is drilling a well on the Gose farm which will be completed within about a week, and which is expected from its location to be a producer.

The companies in which Dr. Collier is interested are drilling three more wells at present.

The tools have been gotten out of the A. S. Nickell well and the work is now being pushed on that well with all possible dispatch.—Licking Valley Courier.

## IF MEALS HIT BACK AND STOMACH SOURS.

"Pape's Diapepsin" ends Indigestion, Gas, Dyspepsia and Stomach Misery in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

Note that the Sunday evening church services, the Wednesday prayer meetings and Prof. Kennison's Bible class study begin at 6:30. The League meetings are 1 hour earlier.

## OUR SCHOOL DEPARTMENT.

The November pay is here now and all who send a stamp for mailing will send their pay to them. Otherwise will not. Some have not sent in their reports yet. You can not get your money unless reports are filed after being signed by proper authorities. There will be no one in the office Saturday as that is the date of N. D. E. A. at Maysville and both Supervisors will be there.

No more claims can be paid off until some more money is turned over.

WALTER T. OSBORN, DEED ADV. 7TH, 1913.

Fort Gay, W. Va., Nov. 7, '13. Our brother has gone home by an inescapable dispensation of providence. Our ranks have been invaded and a good man has been called to his reward. As we gaze upon the vacant chair. We recall the noble from that shall occupy it no more, we review the years of friendship and fraternal association. When we remember his acts of charity and deeds of kindness and words of encouragement our eyes are dimmed and our hearts are sad.

Prostrate, we humbly submit to the divine will that took from us so good a friend, so cheerful a brother.

In the darkness of despair a ray of light comes in the realization that while he is gone the memory of him shall ever remain with us as an incentive to a higher and nobler life.

We, the companions and brothers, find consolation in the thought that he has gone on ahead into the perfect realization of the reward of a life devoted to Friendship, Charity and Benevolence.

May these same thoughts bring comfort to the stricken family and sorrowing friends.

In token of our affection for our departed brother, this tribute to his memory is to be adopted by Ft. Gay Lodge No. 197, Knights of Pythias.

This, the 15th, day of Nov. 1913. E. LOCKWOOD. E. G. ROMANS. W. H. PETERS.

BREAK UP AN EASY CRAFT.

Washington, Nov. 12.—Bug powder experts of the Department of Agriculture, it was announced today, have brought about the conviction of manufacturers of alleged "sure cures" for vermin in Indiana, New York, Kentucky and Pennsylvania.

Virtually all of the convictions were for misbranding, and the cases were prosecuted under the so-called insecticide act of 1910.

In one case the manufacturer's modest claim of "it never fails" did no secure him immunity, for it was found that the label was misleading as to the contents. In another case the "one gallon, guaranteed" was found on labels pasted on cans woefully short of that amount of liquid, and in still another case the experts found that a so-called "roach paste" was a delusion for those insects and, instead of being a poison, was "in the nature of food or bait, attractive to said insects."

The department declines to the belief that manufacturers of bug exterminators hereafter will be careful in the mixing and branding of their products. Several other cases of alleged violation of the law are under investigation.

## PIKE COUNTY NEWS

## SMALLPOX AT ELKHORN CITY.

ELKHORN CITY, Ky., Nov. 20.—An epidemic of smallpox has broken out here. The contagion so far developed is of the milder character, but a strict quarantine has been established by the county health authorities from Pikeville, and grave fears have been expressed that the originally malignant form of the disease may supplant the present mild form. Three families have been confined in one home together, and the exact number of cases thus far developed is not known, although it is said there are about eighteen. No deaths have yet occurred.

## MINER KILLED.

Will Shinnel, 37, a miner, was instantly killed by falling slate in the Kewanee mines Wednesday morning. Shinnel had just put off a shot, and went back to load the coal when several tons of slate came down upon him. He was rescued by a number of other miners, but when found he was dead. The body was brought to an undertaking establishment here and prepared for shipment to Shinnel's former home at Princess, Ky., to-day.

## PARALYSIS TAKES AGED CITIZEN.

Uncle Jim Ratliff, aged 80, died at his home last Thursday night of paralysis. He had experienced a decline in his ordinarily good health for several weeks, and had kept indoors most of that time.

The funeral service and interment took place there Saturday afternoon, and Mrs. J. M. Johnson, of this city, his granddaughter, attended.

## CHANGES NAME.

The little industrial city of Watson town on Main Beaver, in Floyd county, has changed its name by order of the officials of the Beaver Fuel Co., who now own the mines in and near the town. Hereafter it will be known as Wayland, Ky.

## ELLIOTT SUCCEEDS WRIGHT.

Pursuant to the resignation of S. H. Wright from the office of Commissioner of the Pike Circuit Court, W. K. Elliott was appointed to succeed him Tuesday of this week.

Mr. Wright was commissioner of the court for several years, and performed the duties of that office with scrupulous care and proficiency.

There is no doubt that Mr. Elliott will perform the duties of this important office with the same diligence and precaution.

## ACCIDENTALLY SHOT.

While out rabbit hunting last Saturday morning, Dr. Moses Atkins, who lives at the forks of the river, accidentally shot Lon Anders, a boy, three times in the right leg with a shotgun.

The boy was passing along the roadway at the edge of the woods, and the huntsman, seeing his moving feet at a distance under the bushes, fired at him, thinking it was the hare. The young man's condition is very serious, but he will recover.

## POTTER GETS MAJORITY.

Last week the noted contest case between Geo. W. Potter, dem., and M. F. Campbell, rep., was opened in the Boyd Circuit court before special Judge M. M. Redwine (Judge J. F. Butler, of the Pike Circuit court being absent) and a mandatory injunction issued against Sheriff H. Pauley and election commissioners S. M. Cecil and J. D. Meade, making it their duty to canvass the entire returns of the election, and to prohibit the legal operation of a certificate of election formerly issued to Mr. Campbell. Formerly, Sheriff Pauley refused to act as an official of the canvassing board, claiming that as two of his deputies were nominees in the races, he was disqualified from performing such a duty. Mr. Potter claiming that the proceeding was frivolous, carried his complaint before the court, and was granted an injunction. The case was then appealed, and the Appellate court sustained the injunction, and issued an order to Sheriff Pauley that he meet with the canvassing board and duly canvass the vote. This was done in conformity with the order Monday afternoon, with the following result:

Potter, the democratic candidate was elected by a majority of 181 votes, H. H. Stallard, republican, County Judge-elect, received 60 additional votes, making his majority total 507, and George Mullins, republican Sheriff-elect, received four additional votes.

Whether this will be the ultimate settlement of the long-standing dispute in the Superintendent's race is not known.

## LOCALS AND PERSONAL.

Mr. Everett Drennan, manager-in-chief of the Consolidation Coal Co., with several other gentlemen of prominence in the local industrial world, including Mr. A. D. W. Smith of the Northeast Coal Co., Paintsville, was here from Jenkins last Saturday enroute to Van Lear.

H. H. Morris, of Ashland was here last Saturday.

Mrs. C. A. Dugger, wife of the now pastor of the Presbyterian church, arrived from Kingsport, Tenn., Tuesday. They will go to housekeeping immediately at the Parsonage on Elm-st.

The little daughter of Mr. and Mrs. Tom Williams, who fell a victim to typhoid last week, is very low, and may not live.

W. M. Crawford, of Jenkins was here over Sunday.

The remains of Mrs. R. H. Cooper, who died last Thursday night at ten o'clock of pneumonia, were laid to their final rest in the Pikeville cemetery Saturday morning at 10 o'clock. On account of unsettled weather and a drizzling rain, many were prevented from attending. Rev. T. J. Rigg, of the Baptist church conducted the funeral services, and a large number of friends attended from Paintsville.

Little Lucile Scott is a victim of typhoid.

J. H. Ratliff and family of Look-out passed through Pikeville Monday en route for Coon creek, where they will be the guests of friends for a few days.

The public school grounds are being leveled up.

Mrs. Ollie Auxier is moving to her new home in West Pikeville.

Quarterly court convened in regular session here Tuesday morning. Emory B. Chase, of Clintwood, Va., is here Monday.

Jake Akers, who formerly occupied the Atkins hotel on College-st., has moved to the Laura Sowards home on Third-st., where he will continue in the hotel business.

Miss Leone Polley, of Elkhorn City passed through this city Tuesday en route for Lexington, where she will resume her studies at the State University.

Beginning with Wednesday evening, the whistle on the power station will do duty in the future as a curfew bell.

Mr. and Mrs. J. E. Buckingham, Mrs. Dan Davis and Mr. W. L. Gambill, all of Paintsville, were here for a short visit Tuesday.

## SOCIETY.

Mr. and Mrs. Eugene Robinson, who were quietly married at the home of the bride in Louisville Tuesday, Nov. 11th, arrived here Tuesday evening of this week. They will go to housekeeping at once.

Mrs. J. F. Justice and three pretty children, who have been guests at the U. K. Williams home for several days, returned to their home at Jenkins Wednesday.

Mr. and Mrs. Charles W. Bontley were the guests of Mr. and Mrs. D. C. Polly at Mallard, Ky., for several days this week.

Miss Elizabeth Vanover was the guest of Miss Fern Polley at Millard Saturday and Sunday.

Mr. Tohe Wiseman entertained several gentlemen friends at a Dutch lunch given at the Royal theatre Monday evening.

Ray Forsyth, son of Rev. J. H. Forsyth, of this city, was married to Miss Myriam Harvey at the home of the bride on Shelly creek Monday. They will make their home in Pikeville.

## "Friend-Making Sales!"

This store believes that to sell a garment that is not honest and generous VALUE is to kill the effect of a whole lot of good advertising, good salesmanship and good storekeeping.

Consequently, as a matter of "cold-blooded business policy" alone it would be NECESSARY for us to "make good" in every sale. We believe that "honesty is the best of policy" in clothes-selling.

Our suits priced from \$5. to \$20. and our overcoats from \$5. to \$18. are our best "friend-makers." They will hold old friends—and make just as many new one as there are sales to new patrons of the store.

Same is true of our SHOES for men, women and children.

The Union meeting of the Regular Baptists at Chestnut Grove was not largely attended Saturday and Sunday on account of rain and mud.

### FARMERS' WEEK.

J. R. Bryant, superintendent of the State Experiment Station, has issued the following statement concerning Farmers' week at the Agricultural College:

"Every farmer in Kentucky should be interested in the approach of the meeting of the Kentucky Corn Growers' Association, especially in view of the fact that it is associated with the time and place with most of the other leading farmers' organizations of the State.

"The advances made by Kentucky in production of a good quality of corn in the last few years have been rather remarkable. It will be of interest to many Kentucky farmers to know that in the classes offered for the best ten ears of white dent corn at the National Corn Show last year Kentucky stood first among the States.

"The annual meeting of the Corn Growers' Association is to be held Wednesday, January 7, 1914, but the Corn Show will continue throughout the week of January 5-10. The program for Corn day will be made up of lectures and demonstrations bearing on soil fertility and other fundamental questions upon which the growing of corn like any other crop depends.

For the purpose of creating more interest in the Corn Show, the State has been divided into three divisions in which premiums will be offered. The First Division comprises Lew-

is, Rowan, Menefee, Powell, Estill, Jackson, Rockcastle, Laurel, Whit-  
 loy, and all counties lying to the east.

In each Division liberal premiums will be offered in the following classes:

Class 1.—Ten ears white dent corn.

Class 2.—Ten ears yellow dent corn.

Class 3.—Ten ears dent corn other than white or yellow.

Class 4.—Single ear white dent corn.

Class 5.—Single ear yellow dent corn.

Class 6.—Single ear dent corn other than white or yellow.

Class 7.—One peck wheat, any variety.

Class 8.—One peck oats, any variety.

Class 9.—One peck soy beans, any variety.

Class 10.—One peck cowpeas, any variety.

### 10 CENT "CASCARETS" IS YOUR LAXATIVE.

Best Liver and Bowel Cleanser and Stomach Regulator in the world—Work while you sleep.

Get a 10-cent box.

Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never grip, sicken, and cost only 10 cents a box from your druggists. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

### The Railroads and Prosperity.

The Massachusetts Public Service Commission has approved the proposal of the New Haven Railway to issue 6 per cent bonds, convertible into stock, to fund its floating debt and to provide for further improvements.

The commission took the view that neither the road nor the company merited further punishment for the long era of mismanagement and overextension that is known as the "Mellen Era." It seemed to believe that no matter what had passed, the road had taken a fresh start toward giving good service and economic management, and the public interest demanded that it should be helped in every reasonable way.

Something like this must soon enter into the whole situation as it affects the railroads of this country. We have put largely increased burdens upon the roads. It costs a great deal to put into effect safety laws, liability laws, headlight laws, and full-crew laws. It costs a great deal merely to carry out the new systems of bookkeeping demanded by the Interstate Commerce Commission. It costs as much, perhaps, to comply with the varying regulatory requirements of the different states.

### "The Way Into The Kingdom."

J. M. Sagraves, hardware merchant of Richmond, W. Va., delivered an interesting and profitable address at the Central M. E. Church, South, Sunday night, to a large and enthusiastic audience. The subject of his address was "The Way Into The Kingdom," and the manner in which he treated his theme merited considerable praise and commendation. Mr. Sagraves is a layman, but several years ago he entertained an ambition to enter the field of ministry. Since that time, such hope has been abandoned, but he continues to remain active in religious circles. His address was delivered in connection with the regular evangelistic services which have been in progress at this church during the past two weeks. Ten people, by profession of faith or by letter, united with the church Sunday. Methodist Laymen's Guild.

### FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With  
 Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and does them more good than a medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a Back-to-day.

A Letter From Frank Billups.

NEZPERCE, IDAHO, Nov. 6.—I will give a short account of my trip east. I left Nezperce on Monday, the 8th of September, for a six weeks' visit to my old home in Wayne-co., West Va., from which I had been absent thirteen years. Although I knew there would be some difference in the place after so many years, the changes were greater than I had expected, there had been so many deaths, and such a large number of my old acquaintances had removed to other parts of the country. Then, too, all my youthful friends were married and had families of their own. All of which is natural, but when one is away from a locality for so long he doesn't

take into consideration the fact that other people grow up and get old as well as himself.

I had a splendid visit. Everyone was glad to see me, and spared no effort in looking after my comfort and well being. Hospitality is now, as ever, one of the cardinal virtues of my native state. Wherever I went I was pilled with questions about the west, to all of which I answered as truthfully as my knowledge would permit.

The last few days of my visit were spent in Groenbriar-co., where my brother Elliot resides. That being my first trip into that part of the state I was much impressed with the scenery and the natural resources of the country. I passed through the Kanawha and New River coal fields, which are certainly great.

On Monday the 13th of October I boarded the train for the return trip, of which I will speak especially. The journey from Chicago to Denver was made over the Burlington, and on the way we passed through Omaha, though out of sight of the storm swept part, and Lincoln, the home of Secretary of State Bryan. The two hours' stop in Denver was spent in walking about over as much of the town as possible. It is a beautiful place. There are snow-capped mountain peaks in sight, indicating the approach of winter.

The trip from Denver to Ogden was made over the Denver and Rio Grande. Along this line is some of the finest scenery in the world, I suppose. The conductor on the tourist car is a whole bureau of information, and he spends his time pointing out the places of interest. Pike's Peak was interesting, although not what I had expected to see. There are a number of other peaks about it, so that it does not stand alone in its magnificence as I had always imagined it. We were in sight of the majestic mountains for several hours along the way.

The Royal Gorge of the Grand Canyon of the Colorado is a wonderful work of nature. We entered the Gorge about the middle of Wednesday afternoon, and so were able to get a good view of its awe-inspiring magnificence. I simply can't describe it. It is the most wonderful thing I have ever seen. At one point where the canyon is so narrow the railroad track occupies a swinging bridge over the swirling river, and the beams and braces that support the bridge are imbedded in each wall. Above the track the canyon walls rise sheer five hundred feet. It is said that an observer at this point is able to see stars in the sky at midday.

At Tennessee Pass, on the summit of the Rockies, the train stops long enough to allow the travelers time to put their feet on the roof of the car and mail a souvenir from the highest postoffice in the United States. Upon reaching the lowlands of Utah we passed through the miles and miles of desert, as bare as a barn floor. Castle Gate is a piece of Nature's handiwork long to be remembered. It is a long narrow cliff projecting from the Wasatch range and terminating quite near the track. It is only fifteen to twenty feet through at the end, but it rises straight up to the height of five hundred feet, and is surmounted by the American flag. It is possible to traverse the cliff from beginning to end and get a great view of the country from the lofty pinnacle, but please excuse me!

From the car window Salt Lake City is a fine looking place, and I was sorry not to be able to stop

and look it over. Upon leaving there we passed around the Great Salt Lake and soon arrived at Ogden, where I had to wait eight hours for my train to Pocatello, Idaho. Ogden is the prettiest town I saw on the entire trip.

At Pocatello, I changed cars for Pendleton, Oregon, and made that run in the night. From Pendleton the way lay through the noted Walla Walla country to Inasco, and then up the Snake river to Lewiston. Having to remain over night at Lewiston I went across the river to Clarkston and had a short but pleasant visit with my daughter who resides in that city. Sunday afternoon again found me in the car making the last miles of the long journey, and I arrived at home at Nezperce, the garden spot of America late Sunday evening, having been gone just six weeks.

East of the Rockies it is noticeable that this year the farm prospects are very poor, and stock seems very scarce. The west has much better crops this year than the east. I believe that the west is more certain of a crop year in and year out than the east.

I enjoyed the trip immensely. I desire to take this means of expressing my gratitude to my eastern relatives and friends for the royal attention they gave me and for the excellent time I had among them. I shall be only too happy to return the compliment to any of them that may ever happen out this way.

#### A HAPPY CHILD IN JUST A FEW HOURS.

When cross, constipated or if feverish give "California Syrup of Figs" then don't worry.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—If full of cold, or a sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside cleanser" should always be the first treatment given. Full directions for babies, children of all ages and grown-up are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

#### HOISINGTON, KANSAS.

The year of 1913 has broken all records in the State of Kansas. Back to the earliest settlers, nothing was ever seen like it before in this country. To begin with, in the latter part of 1912 the farmers in the State lost horses and mules to the amount of a million and a half dollars, this certainly put them behind. They could scarcely get in their wheat last fall, but finally succeeded in getting their wheat sown. Then came the first of the year with the best of prospects for a bumper wheat crop until about the first of June when it began to get dry and hot. The thermometer stood about one hundred and ten to one hundred and twenty all through June, July and August, with no rains and plenty of hot winds that would almost burn the shirt off your back, then to cap this the grasshoppers came by the millions and the chinch bugs. Those pests, together with the hot dry weather and the hot winds certainly did away with all growing crops in this part of the State, and practically all over the State. There was not enough wheat raised in the center and western counties to seed the land this fall. Most all of the wheat that is being seeded this fall is being shipped in from the eastern part of the State, and it is coming in by car loads. We are now having plenty of rain and the wheat is looking fine, the best for years, and we are wishing for a big crop next year.

Well, I am going to tell all of my old friends a few grasshopper stories as we used to call them. When I was in old Kentucky, but these are not at all, but plain truth. There was a man by the name of Sam Keel, r., who went out to harvest a small field of wheat, and when he started in he set his jug of water down in the shade of some weeds with a buggy whip, and when he made his home round there was nothing left of his whip save the small rod of iron that was in

the butt end of it and all of the cork was eaten out of the water jug and his pitchfork handle was eaten so badly that he could not use it. There was another farmer here close to Hoisington that rigged up a header machine and drove over a ten acre field of alfalfa twice and he got 20 bushels of grasshoppers and stored them away for chicken feed, and another farmer near Dodge City, Kansas used the same kind of a machine and he caught 119 bushels and stored them away in gunny sacks to feed his chickens this winter. Now to wind up my grasshopper stories I will tell you about a passenger train on the Santa Fe railroad near Dodge City. It was running along at about 50 miles an hour and ran into a deep cut where the wind blowed and drifted those grasshoppers about six to ten inches deep all over the track and the train was delayed several hours before they could get through. All the readers of this place may think that this is all grasshopper stories. Right but this is all the plain truth.

Well, times are certainly hard on the laboring class of people this fall as there is nothing to do on the farms. Lots of farmers are coming to town to see if they can get a few days work at the shops in order to help them along. These are the poorest class of people.

After all these hard times I think still that Kansas is the best country in the world. Well, I had almost forgotten to tell you about our first snow storm. It came on the 28th of October in the form of a blizzard about one inch and a half deep. Since then we are having plenty of rain. Well as it is getting late I will bring this note to a close with best regards to all of my old Kentucky friends.

M. F. ROSE.

#### MISS JESSIE'S WEDDING CAKE.

Believing that the good women of Louisiana are interested in such things the NEWS gives here some facts regarding the White House wedding cake baked for the grand event of the 25th.

The first layer is four inches thick and twenty-two inches across. When ready for the knife, the cake will weigh 135 pounds and will be two and one-half feet tall, if one counts the vase of white orchids to be placed on top. It will cost about \$500, and will contain nineteen ingredients. In 2,000 dainty white boxes, tied with satin ribbon, the cake will be distributed, each box the proper size to go under one's pillow to dream upon.

Over the body of the cake will be molded a thick white icing scrollwork. "Then," to quote the artist who is making it, "there will be a design for the initials of the bride and bridegroom. It will be done in silver. And then there will be lilacs of the valley in white sugar on the sides."

## ENTIRE CITY IS SHAKEN AND MANY ARE EXCITED

Atlanta People Are Dumfounded by Sensational Results That Follow Use of Strange New Liquid and Results of Startling Cures Continue to Appear.

CAN NOW BE OBTAINED AT DRUG STORE HERE

Home People Will Have Opportunity to Investigate New Liquid That Has Caused So Much Excitement by Remarkable Results in Atlanta and Elsewhere.

Atlanta, Ga.—There seems to be no end to the excitement that has been created here by the strange and mystifying results following the use of the new Root Juice treatment in cases of stomach and kidney disorders and rheumatism.

Some of the severest cases that could be found have been treated successfully with the new liquid and so quick have the results been in many cases that the sufferers and their friends were dumfounded.

Persons who were helpless from rheumatism for months and who had to be carried about claim to have recovered as if by miracle after using the strange new medicine for a very short time and are now walking the streets enjoying the best of health. Sufferers from stomach trouble, who could not drink a glass of water without suffering afterward and who claimed to have suffered agonies from indigestion, headaches, belching, and bloating, pains after meals and other similar distresses now declare they have a hearty appetite, can eat anything and never suffer from any of these symptoms.

Many prominent and influential people of this city have used the treatment with pronounced success and a number have given out statements for publication. Among these is Mr. H. L. Bassluger, 118 E. Pavilion street, whose wife has been practically an invalid for four years, when seen and asked about his wife's experience, Mr. Bassluger said: "It is true that Mrs. Bassluger has been wonderfully benefited by the new treatment. She has been suffering from stomach and kidney troubles for four years and lately these became complicated with nervous prostration. We tried several doctors, but they did not seem to help her and then we started trying every remedy we heard of. During her illness Mrs. Bassluger has used one hundred and forty bottles of various well-known medicines with but little or no relief. She is now on the third bottle of this new Root Juice treatment and we are delighted with the results. She has gained in strength, has a splendid appetite, sleeps well at night and feels better than she has in four years. In fact, the three bottles of this new medicine has done more for her than all the hundred and forty I spoke of."

At almost any hour of the day in the drug store where the new medicine was explained one could hear stories of startling results obtained by those who have been using it.

A very interesting and remarkable experience was related by Mr. Wilson Gaines of 318 Western avenue, who is well known in railway circles, having been employed as switchman by the Central Railway of Georgia for eight years. Mr. Gaines explained that he had been troubled on and off for five years and that he suffered intensely. When asked to give a description of his case he said: "I suffered fearfully from rheumatism in my joints and it was especially severe during wet or changeable weather. My digestion was poor and I would sometimes belch gas after eating. I suffered also from headaches, backaches, painful urination and was

nervous and irritable. Sometimes I could not sleep at night and I grew weak and run down. I tried several doctors and at least ten or twelve medicines without finding a cure. I have been using this new Root Juice treatment twenty days now and am feeling better every day. I have spent at least \$250.00 seeking a cure without even getting relief, but I find the juice treatment is fast curing me. The medicine has proved to be worth its weight in gold to me."

Mr. H. L. Bassluger, of 118 Elm street, Macon, said he had suffered from rheumatism and stomach trouble for nine years and that although four doctors had told him there was no cure for him, the first bottle of the juice treatment had given him relief and that he was feeling fine.

A lady, who gave her name as Mrs. Mattie Colquitt and her address as 400 Cromley street, said: "I suffered thirteen years from indigestion, gas on the stomach and belching. I used to throw up half what I ate and suffered fearfully. I spent a lot of money on doctors and medicines, but got no relief. When I heard about Root Juice and the great things it was doing for the sick, I tried it and although I have taken only one bottle I am beginning to feel fine. My food digests now and what I eat stays down. I know this new medicine is doing me a world of good and I believe it is going to cure me completely after thirteen years of suffering. I, for one, can certainly recommend it to anyone in my condition."

Lack of space makes it impossible to print all of the many similar stories that were told, but it is safe to say that at least a dozen people related equally interesting and startling experiences.

#### Wonderful Medicine Can Now Be Obtained Here.

Local people are to be given an opportunity to test the new Root Juice treatment which has been effecting these marvelous results and which created so much excitement in Atlanta during the demonstration at that place. The main laboratories at Fort Wayne, Ind., where the medicine is prepared, have made arrangements so druggists can now procure it through their wholesalers and those who have not already placed it in stock can easily get it. Any person who suffers from indigestion, belching, bloating, pains after meals, loss of appetite, headaches, sleeplessness, nervousness, backaches, weak kidneys, impure blood, rheumatic pains or other symptoms of functional disturbances of the stomach, liver, kidneys, or bowels can therefore obtain the Root Juice in one dollar bottles at any good pharmacy or by writing direct to the Root Juice Laboratories at Fort Wayne, Ind.

In view of the phenomenal cures that have been reported from elsewhere it is believed that home people, suffering from various forms of stomach, liver, kidney and bowel disorders will find in the new treatment the same wonderful results, which have been experienced by those who have already used it.

## Letcher County News Notes.

The Consolidation Coal Co., and the Mineral Fuel Co. officials, including Jno. C. C. Mayo, Thomas I. Haymond, J. W. M. Stewart, Ex-Senator Johnson N. Camden, Geo. T. Watson, J. G. Smyth, E. Drennen, G. W. Fleming and others, all high up in the financial and industrial world were interested visitors in the coal fields of the Boone Fork and Elkhorn sections of this county, visiting the industrial cities of Fleming, McRoberts, Jenkins, Dunham, etc., and it is generally believed that a combine of the big corporations of this section is under advisement and now pending between the officials of the big corporations.

This report was circulated by those in position to know and there is little doubt that something is being done looking to that end. Speculation, however, is rife as to the ultimate outcome of what is believed to be one of the largest combinations of coal interests this country has ever known; and which will mean even greater things in the industrial development of this section. Much interest will avail the announcement of the definite plans of the big corporations as relating the plans now being fostered.

It is understood here that arrangements are being perfected for the early installation of a large band mill, with 3000 capacity, of the Vansant-Kitchen Lumber Co., on Younts Fork of Boone above here one mile from Fleming, where the lumber necessary for the building of another model mining city with about 500 houses—this for the Mineral Fuel Co., construction of which is to start immediately. This new town, yet to be christened, will be reached by a one mile branch of the Lexington & Eastern railroad out from the L. & E. main line. While work is well

ence of hog cholera which has been raging for some time. The new serum will prove a great preventative of the disease when once our farmers are apprised of the fact. They should get wise to the situation.

It is said that the Whitesburg Telephone Co. will start at once the construction of a through metallic telephone line from here to Hazard, Perry-co. forming an important local and long distance connection. The service is greatly needed.

Post office inspectors have just visited a large number of the post offices in Letcher-co. It is said that a large number of changes, favorable to the Democrats, are forthcoming.

The Lexington & Eastern having just completed a splendid new depot at McRoberts will start work on a modern, well arranged depot in Fleming. Rush work will facilitate its construction.

It is with regret that we chronicle the unfortunate killing of James Craft at McRoberts. Craft was passing the home of John Blevins formerly of Martin-co., and concluded to stay over night. When Blevins refused him Craft walked out and picked up Blevins' axe and forced himself into the Blevins home when Blevins shot and killed him. At an examining trial here Blevins was cleared on plea of self defense.

The Lexington Experiment Station sent Dr. Scott a specialist into this county a few days ago to investigate the alarm caused by the prevalence of hog cholera throughout the county, with the new cholera preventive serum, in an effort to put a stop to the disease. Dr. Scott found quite a lot of the cholera in the vicinity of Thornton, Millstone and Boone's Fork above here, though much of it has dropped out during the past eight or ten days. Hog raisers of the county are greatly pleased since the State Experiment people have taken a hand in the extermination of the dangerous disease.

With the help of our people great good will result.

The Letcher County Board of Health has taken the small pox situation in hand and has sent physicians to Millstone creek, where every effort known will be done to prevent a further spread of the disease. It is feared, however, that the one case there having brought a large number of people in contact with him will cause quite a general spread of the disease. There is also one case on Sandlick creek.

The Graded School at McRoberts and Fleming opened Monday, the 17th with splendid attendance. Mr. H. P. Day and Miss Nora Fields, of Whitesburg are both employed in the school at McRoberts while Miss Rachel Everage, of Jackson is one of the teachers in Fleming. Prof. Greer is principal of the McRoberts school.

Dr. Holbrook, formerly of Louisa having been lately transferred from McRoberts to Burdine, Dr. Williams, of Paintsville has taken his place as company physician in McRoberts. The good people of McRoberts much regretted to give up Dr. Holbrook, but they believe Dr. Williams will serve them well.

It is announced from Hazard that the Southern Bell Telephone Co. is soon to be extended into that place and so on into Whitesburg, which is a step in the right direction. We trust the service will be forthcoming. With the postal service into this section and a splendid local telephone service the people will be well served.

The "City Fathers" of Whitesburg are advertising the franchise recently adapted for an electric light plant in the town. It is hoped that a purchaser can be found within the specified time and that Whitesburg will one long get lights. They are greatly needed and would help to build up the town.

City jails, especially necessary, are being erected in both McRoberts and Fleming and everything will be done by the officials of both places to make them neat, orderly, well governed cities. Following the pay day Saturday there was much gambling, drunkenness, shooting, etc., as a result of the bootlegging of whiskey, especially in Fleming, where there were a wholesale number of arrests for divers offenses, about ten for bootlegging whiskey.

The remains of James Craft killed at McRoberts by John Blevins were sent to Indian creek, Wise-co., Va., his home for burial. While the shooting is deeply deplored it is said to have been solely in self defense. At least Blevins was discharged.

Mrs. Rosamond Craft, estimable wife of N. R. Craft, merchant at Craftsville, is recovering from a long attack of sickness due to a complication of diseases. Her many friends rejoice that she is recovering and will soon be on foot again.

### WHITESBURG LOCALS.

Mrs. Minnie Venters and Miss Rachel Fields were guests of Mrs. N. R. Craft at Craftsville. If rumor is correct there was some other attraction for Mrs. Venters.

Mr. David Taylor spent a few days in town en route to Southern Florida, where he will send the winner.

Adam Q. Ramey, local manager of the Whitesburg Telephone Co., is at Fleming making some much needed improvements upon his line. Mr. Ramey is always doing everything in his power to improve his service.

Life Insurance Agent Tilton Combs, Hazard, was a Whitesburg business visitor this week.

Good citizen George Estep, who recently moved to Lincoln-co., Ky., has returned here with his family. He insists that there is no place on earth like old Letcher.

Mr. Cotton, of Winchester, the jolly traveling man who sells Jefferson flour, the best that's made, has been here for a few days.

County Court Clerk R. B. Bentley has deferred going to Hot Springs for the present.

Eld. J. D. Hunter, Channel City, Ky., was a welcome visitor to the first of the week. Eld. Hunter is State Organizer for the seniors, a splendid secret order recently organized here.

Hostling Sam Collins is a business visitor in Winchester.

W. B. Webb and Robert Franklin will leave tomorrow for a business trip to the bluegrass region.

After being a guest of friends here Miss Rachel Everage left for her work in Fleming, where she is engaged to teach the coming season.

E. W. Howard, Hazard attorney was in Whitesburg Monday on business.

City attorney H. M. Denton, has been in McRoberts for several days. Mr. Denton is taking well with the people of McRoberts.

## FLOYD COUNTY.

On last Saturday evening at Printer on Beaver creek Arthur Martin shot and killed Oscar Martin, and Sandy Martin, a brother of Oscar shot and fatally wounded Arthur Martin. It seems that Arthur and Oscar Martin had some trouble on the day of the election and when they met at Ad. Holbert's store they went out to talk over their trouble and report has it that they had agreed to be friends and were ready to separate when Arthur Martin slapped Oscar in the face, where they closed and Arthur drew his pistol, shooting Oscar in the breast, the bullet penetrating the heart, killing him instantly. Sandy Martin, brother of Oscar, took a pistol from his dead brother and shot Arthur, wounding him it is thought fatally. It is claimed that Mark Hunter had just a short time before the killing given Arthur Martin the pistol with which he did the shooting. A warrant for being an accessory to the killing of Oscar Martin was sworn out for Hunter and he was placed in jail to await an examining trial. Arthur Martin was a cousin to Oscar and Sandy Martin, they being brother's children.

It seems that a great many of the defeated candidates at the last election are not satisfied with the result, as there are a number of contests filed. County Judge Malone Hall has contested the election of B. C. May for Judge, R. E. Stanley for Sheriff has contested O. H. Stumbo, Jo M. Davidson for Clerk against J. N. Harris, Tilden Collins against Miss Oma Preston for Superintendent, A. P. Chise against James Clark for Magistrate and Will Akers against Esquire Hamilton for Magistrate. If all the changes that have been alleged are proven there will be another race to run as the entire election will go thrown out.

There will be an opening sale of town lots just below town on next Saturday. This property is that known as the Garfield bottom and was at one time owned by President Garfield. Hon. W. S. Harkins owns the upper end of this bottom and has had it laid out in town lots and is now offering them for sale. The contract for a bridge across the branch which separates this property from the town property has been let to the Oweyo Bridge company and work on this will begin at once. There is strong talk of a bridge across the Big Sandy river from the Middle creek depot and landing on the east side of the river about the center of the new addition, which will give a better outlet for the town proper. It is also said that Col. Isaac Rich-

## If You are Subject to Colds This Editorial will Interest You.

A Great Majority of People Get One or More Colds Every Season and It is of Vital Interest to All to Learn How to Avoid and Relieve Colds Quickly, Since Colds are Said to be Contagious.

Some people think colds are only caught through exposure. This in return is contradicted by the fact that Arotio explorers are peculiarly free from colds. It is more generally accepted that colds are the result of civilized life, due to super-heated rooms and a very rapid change in temperature which causes the nerve centers to be depressed, and still more largely due to contagion—one member of a family imparting a cold to another by sneezing or coughing.

A cold means nothing if relieved quickly. That such a purpose may be accomplished, a quick aid to a cold is an essential. A remedy especially devised to relieve colds quickly is PERUNA.

PERUNA contains such ingredients that have an especially beneficial influence upon the inflamed mucous membranes and the quicker these mucous membranes are given the benefit of a remedy like PERUNA, the quicker the relief and the less contagion.

A neglected cold may become a serious menace to one's own life, and far worse, may endanger one's family.

We insure our homes against fire, our lives against death. Why should we not insure ourselves against colds if possible by having a medicine in the family chest that can be used at once?

PERUNA is a reliable household remedy for colds and should be in every home, for there should be a desire to combat a cold as quickly as possible. This is enlightened hygiene.

People who are feeble and run down are more subject to colds than persons in normal health. Such persons need outdoor life and PERUNA to help build up a strong constitution. If you have a poor appetite that is often a warning that you probably need a tonic like Peruna for Peruna aids the digestive organs. When your appetite is fair and work and exercise do not quickly tire you, your susceptibility to colds diminishes very much.

Persons who object to liquid medicines can now obtain PERUNA TABLETS.
